

## Ruaha Safari List

What we suggest you bring with you:

1. **A hat, sunscreen and sunglasses:** our open vehicles are all covered and offer as much shade as possible, but particularly on full day game drives you may require some protection.
2. **Long trousers and light coloured clothing** to wear outside the camp to protect against tsetse fly, which are prevalent in some areas on game drives (not in camp) and are naturally attracted to the colours of dark blue and black.
3. **Personal insect repellent for use during game drives:** we provide an insect spray in the tents, but are fortunate in having very few mosquitoes around camp during the rainy season and none in the dry.
4. **Warmer clothing:** for the early mornings and evenings (e.g a fleece jacket and closed shoes), when it gets cold in Ruaha, particularly during the months of June, July and August: we provide extra blankets in all the tents, and masai blankets in the vehicles for early morning game drives, drinks are served around the fireplace in the evenings and coal burners are provided under the dining table on particularly cold nights.
5. **Shorts and short-sleeved t-shirts** are perfectly good camp attire during the day in the warmer months.
6. **A headlamp or torch/flashlight**, even if we already provide one in each tent.
7. All necessary **camera gear** and please remember to bring extra memory cards, as well as **binoculars** which are invaluable for all game spotting in the bush.
8. Personal **wildlife books**, though "Birds of East Africa" Book will be available in any camp's Game Viewing vehicle.
9. **Battery chargers/spare batteries and adaptors for your cameras and electronic equipment:** our office provides power from 8am to 10pm and we can accommodate most international electric plugs. Mdonya Old River Camp promotes the use of rechargeable AA and AAA batteries providing their chargers. Please note that electricity is not provided in the tents.
10. Any personal **medications**, particularly against known allergic reactions (e.g. nuts, bee stings, etc.) as we have only the normal contents of a First Aid Kit in camp.
11. Any specific **dietary supplements:** we do of course accommodate vegetarian/vegan dietary requirements as much as possible.

**Note – while staying at our camps:** Visitors to Tanzania should be aware that our bush camps **do not have credit card facilities**. Could we kindly ask you when arranging your travel money that tourism establishments in Tanzania generally accept only Tanzanian Shillings and USD for extra payments such as drinks, laundry service, tips and gift shop purchases.

Please also note that **USD notes dated pre 2003 or earlier are not accepted in Tanzania**.
