Leleshwa Mobile Camp

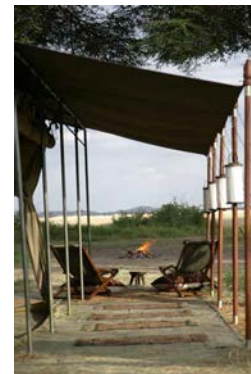

The Safari Tradition

To sleep beneath canvas in the bush, under the Milky Way so thick with stars that it looks like clouds, listening to the roar of lions in the distance, there's no more iconic safari experience than a traditional mobile camp. Whether you are in the heart of the Maasai Mara Game Reserve during migration or nestled into the expanse and extreme beauty of the Northern frontier District, the Leleshwa Mobile Camp is an experience like no other.

A crew of highly experienced staff set up each camp in anticipation of your arrival. Your private mobile camp is your home away from home, acting as a base while you explore key wildlife areas. When you move onto your next destination, your camp is broken down leaving no trace of your presence in the pristine wilderness.

Your Safari Guide is your host whilst you are in camp. He will be assisted by a fully trained safari crew who will look after your every need. The safari crew also includes trackers and spotters to help find the most elusive wildlife.

Bush Elegance at its Best

While a remote mobile camp may evoke the classic ambience of old, it doesn't mean you sacrifice modern-day comforts. Leleshwa Mobile is a most refined way to experience the African wilderness. Your private mobile camp is your home away from home, acting as your base while you explore key wildlife areas.

Seamlessly tailored to blend into its environment, the camp is fully self-contained. Inside our custom built deluxe tents you'll find bush elegance at its best. Each has a verandah and attached en-suite bathroom.

Comfortable full-length single or king-sized beds with crisp cotton linens and a wide array of soft furnishings complete the setting. The en-suite bathrooms are completely connected to the tent and contain a modern environmentally friendly flushing toilet. Piping hot showers are available at any time of the day and night, delivered to your tent by the tent steward. Our attention to detail cannot be surpassed

Magical Safari Experiences

The dining tent serves as the hub of social activity in camp. It is the place where meals are taken, where stories are shared over iced cocktails and friendships forged. Our chefs create an imaginative assortment of culinary delights on a bed of embers under the open sky. Bread is baked daily in bush ovens while fresh fruits and vegetables are supplied from Leleshwa Camp for the duration of your safari.

If you want a safari straight “Out of Africa” you’ll find it at Leleshwa Mobile Camp. Evenings in camp are a magical experience, with lanterns ablaze, exquisite cuisine served on a white tablecloth under the stars, and nightcaps and tales of adventures around a roaring fire. It doesn’t get better than this.
