River Cruising in Style

The Ultimate River Cruise Experience offers two unique river cruises in one unforgettable combination activity that will ensure you experience all the Zambezi has to offer.

At the Royal Livingstone Hotel Deck, board the river safari boat for an exciting speedy ride over the rapids, then slow down to enjoy close-up game viewing before stopping for delicious refreshments on one of the islands.

The cruise then continues upstream, where you join the African Queen or the African Princess in the Captain's Cabin to toast the African sunset from the comfort of these royal crafts. The trip back to the deck in the fading light is a magical conclusion to your Zambezi experience.
