▪ **What helicopters do we operate?**

We operate the Bell Jet ranger (pilot + 4 passengers) and the Robinson Raven (pilot + 3 passengers). For any specific type requests we can source helicopters from Johannesburg. Bear in mind to bring one to the Okavango is costly. In season we utilize up to 3 four seaters and 3 three seaters based in the Okavango.

▪ **Transfer helicopter option**

1. The helicopter can be used as a transfer option between any camps in Botswana. The helicopter offers a smoother ride; great visibility and headsets all round for the pilot to give commentary on the fauna & flora below.
2. The doors stay on for transfers, but visibility is still great. We also carry SOFT bags up to 20kg per person.
3. Transfers are done in the same manner as the fixed wing transfers in terms of times and routes.
4. For group transfers we utilize multiple helicopters which depart and arrive together, so as not to split groups.
